

## Dunk Tank Operation Guidelines

|   |
|---|
| 1. Do not permit participants on the game until it is completely set-up. Complete set-up includes protective frames placed in their final position, tank being filled to maximum capacity, and seat being latched into place.                                   |
| 2. A participant may drown while using this game. Always provide adult supervision while participants are on/in the tank area.  |
| 3. Immediately remove participants if conditions are unfavorable. Unfavorable conditions include wind conditions/gusts at or more than 15 mph, rain, lightning or any other situation that would be a cause of injury to riders or damage to game.              |
| 4. Please remove participants immediately if the water level drops below 1/3 <sup>rd</sup> of capacity.   |
| 5. Do not permit participants to be “dunked” unless they can swim.  |
| 6. Do not permit food or drinks on game at any time.  |
| 7. Please ensure participants remove shoes, glasses and sharp or breakable objects if they are to be dunked.  |
| 8. Do not permit participants to flip, wrestle, rough-house or use game in any other way than instructed.   |
| 9. Do not permit participants to jump from game onto ground. All participants must use the provided steps to exit game.   |
| 10. Instruct “throwers” to throw balls at the target only.  |
| 11. Always keep target and dunk tank area clear of people while game is in “play.” Serious injury could result to bystanders from thrown balls.   |
| 12. Pregnant women, participants under the influence of drugs or alcohol, injured persons or individuals unable to physically enter the game under their own power may not use the game.  |
| 13. Do not permit more than 1 participant at any one time on the game.  |
| 14. An adult supervisor must be in attendance of the game at all times. Do not leave game unattended at any time.   |
| 15. Do not permit minors to use game without adult supervision.   |
| 16. I was given a tutorial by All Star Jumper Rentals, LLC. regarding the operation of this game, I have read and agree with the operation guidelines both implied and expressed and I am the sole responsible party for the operation and safety of this game. |
